We are pleased to invite you to the opening of the exhibition „Der Mond in den Antennen“ (The Moon in the Antennas) from the artist Christian Flamm at the Galerie NEU. The exhibition will take the form of an installation that also provides the platform for the presentation of his newly published catalogue „Katalog/Catalogue“.

The catalogue includes a wide array of Christian Flamm's artistic production, beginning with paper-cuts, embroideries, water colours, ornamentation, and texts printed with his own, newly created alphabet. The installation views from a number of Flamm's past exhibitions emphasize the interplay between these conceptually-based works. Furthermore, the catalogue includes texts from Francesca Lacatena, Jessica Griffin, Mirko Vock and Axel John Wieder.
